## **We are ME&MATS Amsterdam**

We want to fill this world with happy thoughts & good vibes, guts & glory, Clooney & Pitt, sunshine & getting perfectly tanned without a sunburn - okay, you get the idea - because we believe those are the moments that inspire true happiness.

Maybe we can't save the world with chocolates and candles (but that would be nice, right?), but taking the time to let our loved ones know they're in your thoughts can empower them to find gold in the simplest moments.

'Cause hey, sometimes all you want is a little gesture from the people you love, and all it takes to make a little gesture is a little help from Me&Mats!

We specialize in creating the most delicious, out to pamper, all day, e-v-e-r-y day kind of products. Our range is continually expanding, as we're on a constant treasure hunt (all for the good of Me&Mats of course). It currently consists of scented candles, matches, chocolate, tea, handsoaps, diffusers, and stationary. What is your favorite product to spoil the ones you like and love? Let us know and we might just add them.
