CANDLEHAND STORY

I founded CandleHand brand in 2015 after learning the craft of candle making from my dad. I never had an artistic training, but found candle making to be a fun and creative activity that was very different from number based computer sciences that I was studying at that time. I came up with an idea of making gesture shaped candles and it challenged me to take my craftsmanship to the next level. I wanted candles to look as real as possible.

It took me two years from 2013, when the idea was born, to perfect it and launch it to the market. After years of experimentation I am finally pleased as it's only the colour that distinguishes them from a real hand.

After years of work we are very pleased to be now selling CandleHands across the globe.

ABOUT

CandleHand are unique and expressive hand gesture candles. Each and every candle is handmade, so expect them all to be quite different, or the way we see them - special. CandleHand is known to be great for lighting up your interior, expressing your feelings or just making a cheeky, special gifts for your friends.

Each and every CandleHand is 100% handmade. No, seriously, 100%. Even the shape of it is an exact copy of a real hand. But you'll know it when you see it. It's solid, around 400 gram weighing life size beauty. The texture and the lines make it so realistic, we don't make it skin coloured, so it wouldn't cause any misunderstandings.

Product benefits

HANDMADE

Every candle is hand-made by skilled candle makers in Lithuania. We employ a local small community and pride ourselves on being a top employer in the area.

FOOD-SHAPED & SCENTED

That wow moment when you open it. You wish you could eat, but please don't. Indulge in aromas. Don't limit yourself to the kitchen, bring CandleCan into your bedroom or bathroom!

REUSABLE LID

This candle burns for many hours. Use the lid as a candle holder and put it on to keep the scent inside the can as long as possible.

100% NATURAL WAX

This candle is not just an eye pleaser. It's also kind to you, your health, your home environment and planet.
