

Australian Gold®

BEHIND THE BRAND

Our founder, Trevor Gray, was born in a small town in Indiana, but was raised by 3 Australian women. He felt a strong connection to his mother's homeland knew one day he would find a way to share the "Aussie way of life" in the US. In 1985, Australian Gold® Sunscreen was born! This brand and its products aim to fully embrace the active lifestyles of Aussies, and their love of the outdoors, through its amazing scent, natural ingredients and unsurpassed performance.

Australian Gold sun care products were initially sold in coast-side stores and small surf shops in the sunshine state, Florida. Inspired by the beach that put us on the map, Cocoa Beach, our signature fragrance, Cocoa Dreams, brings you instant memories of good times and sunshine every time you open the bottle.

Embracing the brand's roots, we ensure our sunscreens are formulated to contain native Australian ingredients to provide a one of a kind experience for your everyday protection. Each formula has been carefully developed during an extensive process, assuring each product maintains our high standards of quality. Always innovating, we are known for our unique spray gel formulas that provide the moisturizing benefits of a lotion in a convenient spray format. Our goal is to keep you protected while you and your loved ones Celebrate Life Outside!
