2024 COLLECTION

A Letter From Our MD

Hi All,

The first half of the year has absolutely flown by, and we now find ourselves looking forward to another Autumn/Winter season.

The year has started strongly once again for us, with our Yes Studio, Danielle, and Vintage brands performing particularly well. The newness we introduced for Spring/Summer is really working, so you will see a continuation of this as we focus on trend innovation while offering both you and your customers strong value for money.

There has been a backdrop of some challenges around shipping (again!). With the issues in the Red Sea, we are seeing shipping times at an all-time high, and historic routes are currently not being used by most cargo companies. This is impacting both availability and costs, where we have seen prices quadruple over the last three months. We continue to work tirelessly to combat these challenges, but there will be some impact on slightly delayed availability through August and September.

Looking ahead to AW24, you will see newness across our Danielle core range, which has been performing amazingly. We are excited to introduce a seasonal Danielle range, Winter Blossom, continued newness in Yes Studio and Wanderflower gifting, and a new pet brand, Dexy Paws, which we are thrilled to share with you.

Once again, none of this is possible without you, our loyal and trusted partners. We thank you for supporting our business and wish you an equally successful AW24.

Best Wishes,

Ben Andrews

REBALANCE YOUR MIND, BODY & SPIRIT

At Aroma Home we understand that Wellness is a journey and everybody's journey looks different.

Our collection of essential oils, hot and cold therapy products and beautiful gifts are designed to help, whether you need to de-stress and relax after a stressful week or if you want to rebalance your mind and body.

EMOTIONAL WELLBEING

Our emotional wellbeing is just as important as our physical wellbeing, learning to take time out to relax and de-stress is one of the best ways to boost emotional wellbeing.

Our wellbeing products are designed to help you completely switch off from the outside world and reconnect with your soul.

PHYSICAL WELLBEING

Our physical wellbeing is directly linked to our emotional wellbeing and lifestyle choices. Ensuring we are getting enough sleep, reducing anxiety and stress levels and adopting healthy behaviours all impact our physical wellbeing.

Our hot and cold therapy products have been designed to help ease aches and pains with the added therapeutic benefits of essential oils.

Good quality sleep is vital to our physical and mental health. Being sleep deprived can have a long lasting effect on both our mind & body.

KEY REASONS WHY WE ALL NEED TO ENSURE WE ARE GETTING ENOUGH SLEEP:

1: Helps our brain function:

Sleep helps us to stay alert and clear-headed which in turn enables us to problem-solve, learn new things and easily make decisions. If we do not get enough sleep we experience brain fog, slow reactions and impaired judgement.

2: Keeps emotions in check:

When we are fully rested, we are better able to control our emotions and behavior, without adequate sleep, adults may experience mood swings and increased feelings of anxiety and depression.

3: Reduces disease risk:

Lack of sleep affects our immune systems and our ability to fight common viruses, like colds & flu. On going sleep deprivation can also increase risk of heart disease, kidney disease, high blood pressure, diabetes and stroke.

4: Keeps weight under control:

Sleep deprivation affects our body's ability to regulate appetite hormones.

Body Wraps

Hot & Cold Therapy

Hot and cold therapies are a great natural pain reliever and can be used to treat a variety of different ailments. Our wellness and warming products have been designed to help ease aches and pains using natural hot and cold therapy combined with the therapeutic benefits of added essential oils.

Hot Therapies

Applying heat to sore and tightened muscles helps them to relax and relieves pain from muscle ache & sore joints, it can also help to relieve stomach cramps, sinus congestion and joint stiffness.

Cold Therapies

Cold treatment reduces blood flow to an injured area which can help slow the rate of inflammation and reduce the risk of swelling and tissue damage, so it is great for immediate treatment on minor injuries and tension headaches.

Soothing BODY WRAPS

Our Soothing Microwavable Body Wraps are a great way to ease aches and pains, soothe sore muscles and aid relaxation. Fragranced with lavender oil for an added wellness boost.
